A. Any person failing to pay any County tax, including but not limited to tangible personal property tax or real estate tax, on or before due date of each installment of tax due, shall incur a penalty thereon of ten percent (10%) of the tax then past due. Such extension shall end and the taxes shall be due 90 days following the completion of such member's deployment. For purposes of this section, "the armed services of the United States" includes active duty service with the regular Armed Forces of the United States or the National Guard or other reserve component.

B. The penalty for failure to pay any installment of tax when due shall be assessed on the day after the tax payment is due. Any such penalty shall be added to the amount of the tax and shall become a part of the tax due from such taxpayer.

F. Should the Treasurer be required to use the services of an attorney or a collection agency to collect any delinquent tax, upon the Treasurer's written 30-day prior notice to the taxpayer of the Treasurer's demand for payment, the Treasurer shall be allowed to recover from the delinquent taxpayer an administrative fee not to exceed thirty dollars (\$30.00), and shall be allowed to collect from the taxpayer the actual cost of any attorney's fees or collection agency fees not to exceed 20 percent of the taxes or other charges to be collected. The penalty shall be added to the amount of the account due from such person. No penalty shall be imposed for failure to pay any account if such failure was not in any way the fault of the debtor.

For the purposes of this article the following special classifications of real estate are established and defined:

A. ***Real estate devoted to agricultural use*** shall mean real estate devoted to the bona fide production for sale of plants and animals, or products made from such plants and animals on the real estate, that are useful to man or devoted to and meeting the requirements and qualifications for payments or other compensation pursuant to soil and water conservation programs under an agreement with an agency of the state or federal government under uniform standards prescribed by the Commissioner of Agriculture and Consumer Services in accordance with the Administrative Process Act ([Va. Code §§2.2-4000 et seq.](#)) Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for a profit or otherwise, shall be considered real estate devoted to agricultural use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it does not meet the uniform standards prescribed by the Commissioner. Real property that has been designated as devoted to agricultural use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning; provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to agricultural use. In determining whether real property is devoted to agricultural use, zoning designations and special use permits for the property shall not be considered.

B. ***Real estate devoted to horticultural use*** shall mean real estate devoted to the bona fide production for sale of fruits of all kinds, including grapes, nuts, and berries; vegetables; nursery and floral products; and plants or products directly produced from fruits, vegetables, nursery and floral products, or plants on such real estate or devoted to and meeting the requirements and qualifications for payments or other compensation pursuant to a soil and water conservation program under an agreement with an agency of the state or federal government under uniform standards prescribed by the Commissioner of Agriculture and Consumer Services in accordance with the Administrative Process Act ([Va. Code §§2.2-4000 et seq.](#)) Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for profit or otherwise, shall be considered real estate devoted to horticultural use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it does not meet the uniform standards prescribed by the Commissioner. Real property that has been designated as devoted to horticultural use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning; provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to horticultural use. In determining whether real property is devoted to horticultural use, zoning designations and special use permits for the property shall not be considered.

C. ***Real estate devoted to forest use*** shall mean land including the standing timber and trees thereon, devoted to tree growth in such quantity and so spaced and maintained as to constitute a forest area under standards prescribed by the State Forester pursuant to the authority set out in [Va. Code §58.1-3240](#) in accordance with the Administrative Process Act ([Va. Code §§2.2-4000 et seq.](#))

Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for profit, or otherwise, shall still be considered real estate devoted to forest use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it no longer constitutes a forest area under standards prescribed by the State Forester pursuant to the authority set out in [Va. Code §58.1-3240](#). Real property that has been designated as devoted to forest use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or is otherwise allowed by zoning; provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to forest use. In determining whether real property is devoted to forest use, zoning designations and special use permits for the property shall not be considered.

D. ***Real estate devoted to open-space use*** shall mean real estate used as, or preserved for, (i) park or recreational purposes, including public or private golf courses, (ii) conservation of land or other natural resources, (iii) floodways, (iv) wetlands as defined in [Va. Code §58.1-3666](#), (v) riparian buffers as defined in [Va. Code §58.1-3666](#), (vi) historic or scenic purposes, or (vii) assisting in the shaping of the character, direction, and timing of community development or for the public interest and consistent with the local land-use plan under uniform standards prescribed by the Director of the Department of Conservation and Recreation pursuant to the authority set out in [Va. Code §58.1-3240](#) and in accordance with the Administrative Process Act ([Va. Code §§2.2-4000 et seq.](#)) and this article. Prior, discontinued use of property shall not be considered in determining its current use. Real property that has been designated as devoted to open-space use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or is otherwise allowed by zoning; provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to open-space use. In determining whether real property is devoted to open-space use, zoning designations and special use permits for the property shall not be considered.

For state law basis, see [Va. Code §58.1-3230](#). See also [Va. Code §58.1-3231](#).

Sec. 9-7.2. Application by property owners for assessment, etc.; fee; continuation of assessment, etc.

A. Property owners shall submit an application for taxation on the basis of a use assessment to the Commissioner of the Revenue of Campbell County as follows:

1. The property owner shall submit an initial application, unless it is a revalidation form, at least sixty (60) days preceding the tax year for which such taxation is sought; or

2. In any year in which a general reassessment is being made the property owner may submit such application until thirty (30) days have elapsed after his notice of increase in assessment is mailed in accordance with [Va. Code §58.1-3330](#), or sixty (60) days preceding the tax year, whichever is later.

Late applications for taxation on the basis of a use assessment may be filed within no more than sixty (60) days after the filing deadline specified above, upon the payment of the late filing fee specified in subsection (E)(2) hereof. In addition, a further extension of the filing deadline to a date not later than thirty (30) days after notices of assessments are mailed may be permitted upon payment of an extension fee in an amount equal to the late filing fee specified in subsection (E)(2) hereof. Payment of the extension fee shall be *in addition to* payment of such late filing fees.

B. An individual who is owner of an undivided interest in a parcel may apply on behalf of himself and the other owners of such parcel upon submitting an affidavit that such other owners are minors, cannot be located, or represent a minority interest in such parcel.

C. An application shall be submitted whenever the use or acreage of such land previously approved changes; however, no application fee may be required when a change in acreage occurs solely as a result of a conveyance necessitated by governmental action or condemnation of a portion of any land previously approved for taxation on the basis of use assessment.

D. A separate application shall be filed for each parcel or group of contiguous parcels titled in exactly the same name on the land books.

E.

1. Each application for taxation on the basis of a use assessment shall be accompanied by a fee of twenty dollars (\$20.00). In addition to the foregoing fee, there will be a fee of twenty cents (\$0.20) per acre for all acres in excess of one hundred (100). Contiguous parcels titled in exactly the same name will be combined for land use taxation purposes. For noncontiguous parcels or parcels not titled in exactly the same name, a separate application accompanied by a separate application fee as prescribed above will be required.

2. Any application for a special use taxation under this Article not filed in a timely fashion as set forth in subsection (A) hereof must be accompanied by a fee of forty dollars (\$40.00). Contiguous parcels in the same name will be combined for land use taxation purposes. For noncontiguous parcels or parcels not titled in exactly the same name, a separate application accompanied by separate late application fee as prescribed above will be required.

F. All property owners are required to revalidate annually with Campbell County, on or before the date on which the last installment of property tax prior to the effective date of the assessment is due, on forms prepared by the locality, any applications previously approved. Late revalidation forms may be filed on or before the effective date of the assessment, upon payment of a

late filing fee. Each late revalidation form shall be accompanied by a late filing fee of forty dollars (\$40.00).

There is hereby imposed a revalidation fee every sixth year, which revalidation fee shall be the same as the application fee then being charged by the County of Campbell.

G. Forms shall be prepared by the State Tax Commissioner and supplied to the County of Campbell for use of the applicants and applications shall be submitted on such forms.

H. Reserved.

I. In the event of a material misstatement of facts in the application or a material change in such facts prior to the date of assessment, such application for taxation based on use assessment granted thereunder shall be void and the tax for such year extended on the basis of value determined under [Va. Code §58.1-3236\(D\)](#).

J. No application for assessment based on use shall be accepted or approved if, at the time the application is filed, any installment of the tax on the land affected is delinquent. Upon the payment of all installments of delinquent taxes, including penalties and interest, the application shall be treated in accordance with the provisions of this section.

K. Continuation of valuation, assessment and taxation under this article shall depend on continuance of the real estate in a qualifying use, continued payment of taxes as referred to in [Va. Code §58.1-3235](#), and compliance with the other requirements of Article 4 of Chapter 32 of Title 58.1 of the Code of Virginia and of this ordinance and not upon continuance in the same owner of title to the land.

L. The County shall not require any applicant who is a lessor of the property or a portion of the property that is the subject of an application submitted pursuant to this section to provide the lease agreement governing the property for the purpose of determining whether the property is eligible for special assessment and taxation under this article.

For state law authority, see [Va. Code §58.1-3234](#).

Cross reference: For definition of “material misstatement of fact,” see [§9-7.6\(b\)](#) of this Code.

Sec. 9-7.2:1. Removal of parcels from program if taxes are delinquent.

If on April 1 of any year the taxes for any prior year on any parcel of real property which has a special assessment as provided for in this article are delinquent, the County Treasurer shall forthwith send notice of that fact and the general provisions of this section to the property owner by first-class mail. If, after the notice has been sent, such delinquent taxes remain unpaid on June 1, the treasurer shall notify the County Commissioner of Revenue who shall remove such parcel from the land use program. Such removal shall become effective for the current tax year.

No parcel of real property shall be removed from the land use program for delinquent taxes if (i) the taxes become delinquent during a state of emergency declared by the Governor pursuant to [Va. Code § 44-146.17\(7\)](#); (ii) the Treasurer determines that the disaster giving rise to the state of

emergency has caused hardship for the taxpayer; and (iii) the delinquent taxes are paid no later than 90 days after the deadline.

For state law authority, see [Va. Code §58.1-3235](#).

Sec. 9-7.3. Determination to be made by the Commissioner of the Revenue before assessment of real estate; duties of certain state officials; remedy of person aggrieved by action or nonaction of such officials.

A. Prior to the assessment of any parcel of real estate under this ordinance, the Commissioner of the Revenue of Campbell County shall:

1. Determine that the real estate meets the criteria set forth in [Va. Code §58.1-3230](#) and the standards prescribed thereunder to qualify for one of the classifications set forth therein, and he may request an opinion from the Director of the Department of Conservation and Recreation, the State Forester or the Commissioner of Agriculture and Consumer Services; and

2. Determine further that real estate devoted solely to (i) agricultural or horticultural use consists of a minimum of five acres, (ii) forest use consists of a minimum of twenty (20) acres and (iii) open-space use consists of a minimum of five acres, unless the real estate is adjacent to a scenic river, scenic highway, a Virginia Byway or public property in the Virginia Outdoors Plan, in which case land devoted to open-space uses shall consist of a minimum of one-quarter of an acre.

The minimum acreage requirements for special classifications of real estate shall be determined by adding together the total area of contiguous real estate excluding recorded subdivision lots recorded after July 1, 1983, titled in the same ownership. However, for purposes of adding together such total area of contiguous real estate, any noncontiguous parcel of real property included in an agricultural, forestal, or an agricultural and forestal district of local significance pursuant to subsection (B) of [Va. Code §15.2-4405](#) shall be deemed to be contiguous to any other real property that is located in such district. For purposes of this section, properties separated only by a public right of way are considered contiguous; and

3. Determine further that real estate devoted to open-space use is (i) within an agricultural, a forestal, or an agricultural and forestal district entered into pursuant to [Va. Code §15.2-4301 et seq.](#), or (ii) subject to a recorded perpetual easement that is held by a public body, and promotes the open-space use classification, as defined in [Va. Code §58.1-3230](#), or (iii) subject to a recorded commitment entered into by the landowners with the Board of Supervisors, or its authorized designee, not to change the use to a non-qualifying use for a time period stated in the commitment of not less than four years nor more than ten (10) years. Such commitment should be subject to uniform standards prescribed by the Director of the Department of Conservation and Recreation pursuant to the authority set out in [Va. Code §58.1-3240](#). Such commitment shall run with the land for the applicable period, and may be terminated in the manner provided in [Va. Code §15.2-4314](#) for withdrawal of land from an agricultural, a forestal, or an agricultural and forestal district.

B. Upon the refusal of the Commissioner of Agriculture and Consumer Services, the State Forester or the Director of the Department of Conservation and Recreation to issue an opinion requested by the County Commissioner of the Revenue pursuant to paragraph 1 of subsection (a) hereof, or in the event of an unfavorable opinion which does not comport with standards set forth in statements filed pursuant to [Va. Code §58.1-3240](#), the party aggrieved may seek relief in the Circuit Court of the County of Campbell, and in the event that the court finds in his favor, it may issue an order which shall serve in lieu of an opinion for the purposes of Article 4 of Chapter 32 of Title 58.1 of the Code of Virginia and of this ordinance.

For state law authority, see [Va. Code §58.1-3233](#) and [§58.1-3240](#).

Sec. 9-7.4. Valuation of real estate; values placed on land book.

A. In valuing real estate for the purpose of taxation by Campbell County under this Article, the County Commissioner of the Revenue or duly appointed assessor shall consider only those indicia of value which such real estate has for agricultural, horticultural, forest or open space use, and real estate taxes shall be extended upon the value so determined. In addition to use of his personal knowledge, judgment and experience as to the value of real estate in agricultural, horticultural, forest or open space use, he shall, in arriving at the value of such land, consider the available evidence of agricultural, horticultural, forest or open space capability, and the recommendations of value of such real estate as made by the State Land Evaluation Advisory Committee.

B. In determining the total area of real estate actively devoted to agricultural, horticultural, forest or open space use there shall be included the area of all real estate under barns, sheds, silos, cribs, greenhouses, public recreation facilities and like structures, lakes, dams, ponds, streams, irrigation ditches and like facilities; but real estate under, and such additional real estate as may be actually used in connection with, the farmhouse or home or any other structure not related to such special use, shall be excluded in determining such total area.

C. All structures which are located on real estate in agricultural, horticultural, forest or open space use and the farmhouse or home or any other structure not related to such special use and the real estate on which the farmhouse or home or such other structure is located, together with the additional real estate in connection therewith, shall be valued, assessed and taxed by the same standards, methods and procedures as other taxable structures and other real estate in the County.

D. In addition, such real estate in agricultural, horticultural, forest or open-space use shall be evaluated on the basis of fair market value as applied to other real estate in Campbell County, and land book records shall be maintained to show both the use value and the fair market value of such real estate.

For state law authority, see [Va. Code §58.1-3236](#).

Sec. 9-7.5. Change in use or zoning of real estate assessed under article; roll-back taxes.

A. When real estate qualifies for assessment and taxation on the basis of use under this article, and the use by which it qualified changes to a nonqualifying use or the zoning of the real estate

is changed to a more intensive use at the request of the owner or his agent, it shall be subject to additional taxes, hereinafter referred to as roll-back taxes. Such additional taxes shall only be assessed against that portion of such real estate which no longer qualifies for assessment and taxation on the basis of use or zoning. Liability for roll-back taxes shall attach and be paid to the Treasurer only if the amount of tax due exceeds ten dollars.

B. The roll-back tax shall be equal to the sum of the deferred tax for each of the five most recent complete tax years including simple interest on such roll-back taxes at a rate set by the Board of Supervisors, no greater than the rate applicable to delinquent taxes in Campbell County pursuant to [Va. Code §58.1-3916](#) for each of the tax years. The deferred tax for each year shall be equal to the difference between the tax levied and the tax that would have been levied based on the fair market value assessment of the real estate for that year. In addition the taxes for the current year shall be extended on the basis of fair market value which may be accomplished by means of a supplemental assessment based upon the difference between the use value and the fair market value.

C. Liability to the roll-back taxes shall attach when a change in use occurs or a change in zoning of the real estate to a more intensive use at the request of the owner or his agent occurs. Liability to the roll-back taxes shall not attach when a change in ownership of the title takes place if the new owner does not rezone the real estate to a more intensive use and continues the real estate in the use for which it is classified under the conditions prescribed in [Va. Code §58.1-3229 et seq.](#) and in this article. The owner of any real estate which has been zoned to a more intensive use at the request of the owner or his agent as provided in subsection (D), or otherwise subject to or liable for roll-back taxes, shall, within sixty (60) days following such change in use or zoning, report such change to the Commissioner of the Revenue on such forms as may be prescribed. The Commissioner shall forthwith determine and assess the roll-back tax, which shall be assessed against and paid by the owner of the property at the time the change in use which no longer qualifies occurs or at the time of the zoning of the real estate to a more intensive use at the request of the owner or his agent occurs, and shall be paid to the Treasurer within thirty days of the assessment. If the amount due is not paid by the due date, the Treasurer shall impose a penalty and interest on the amount of the roll-back tax, including interest for prior years. Such penalty and interest shall be imposed in accordance with [Va. Code §58.1-3915](#) and [§58.1-3916](#).

D. Real property zoned to a more intensive use, at the request of the owner or his agent, shall be subject to and liable for the roll-back tax at the time such zoning is changed. The roll-back tax shall be levied and collected from the owner of the real estate in accordance with subsection (C) of this section. Real property zoned to a more intensive use before July 1, 1988, at the request of the owner or his agent, shall be subject to and liable for the roll-back tax at the time the qualifying use is changed to a nonqualifying use. Real property zoned to a more intensive use at the request of the owner or his agent after July 1, 1988, shall be subject to and liable for the roll-back tax at the time of such zoning. Said roll-back tax, plus interest calculated in accordance with subsection (B) of this section, shall be levied and collected at the time such property was rezoned. For property rezoned after July 1, 1988, but before July 1, 1992, no penalties or interest, except as provided in subsection (B) of this section, shall be assessed, provided the said roll-back tax is paid on or before October 1, 1992. No real property rezoned to a more intensive use at the request of the owner or his agent shall be eligible for taxation and assessment under this article, provided that these provisions shall not be applicable to any rezoning which is required for the establishment, continuation, or expansion of a qualifying use. If the property is subsequently rezoned to agricultural, horticultural, or open space, it

shall be eligible for consideration for assessment and taxation under this article only after three years have passed since the rezoning was effective.

However, the owner of any real property that qualified for assessment and taxation on the basis of use, and whose real property was rezoned to a more intensive use at the owner's request prior to July 1, 1985, may be eligible for taxation and assessment under this article provided the owner applies for rezoning to agricultural, horticultural open-space or forest use. The real property shall be eligible for assessment and taxation on the basis of the qualifying use for the tax year following the effective date of the rezoning. If any such real property is subsequently rezoned to a more intensive use at the owner's request, within five years from the date the property was initially rezoned to a qualifying use under this section, the owner shall be liable for roll-back taxes when the property is rezoned to a more intensive use. Additionally, the owner shall be subject to a penalty equal to fifty percent of the roll-back taxes due as determined under subsection (B) of this section.

E. If real estate annexed by a city and granted use value assessment and taxation becomes subject to roll-back taxes, and such real estate likewise has been granted use value assessment and taxation by the county prior to annexation, the city shall collect roll-back taxes and interest for the maximum period allowed under this section and shall return to the county a share of such taxes and interest proportionate to the amount of such period, if any, for which the real estate was situated in the county.

For state law authority and basis, see [Va. Code §58.1-3237](#).

Sec. 9-7.6. Failure to report change in use; misstatements in applications.

A. Any person failing to report properly any change in use of property for which an application for use value taxation had been filed shall be liable for all such taxes, in such amounts and at such times as if he had complied herewith and assessments had been properly made, and he shall be liable for the same penalties and interest thereon as prescribed herein. On failure to report within sixty (60) days following such change in use or zoning and/or failure to pay within thirty (30) days of such assessment, such owner shall be liable for an additional penalty equal to ten percentum (10%) of the amount of the roll-back tax interest, which penalty shall be collected as a part of the tax. In addition to such penalty, there is hereby imposed interest of one-half percentum (1/2%) of the amount of roll-back tax, interest and penalty for each month or fraction thereof during which the failure continues.

B. Any person making a material misstatement of fact in any such application shall be liable for all such taxes, in such amounts and at such times as if such property had been assessed on the basis of fair market value as applied to other real estate in Campbell County, together with interest and penalties thereon. If such material misstatement was made with the intent to defraud the County of Campbell, he shall be further assessed with an additional penalty of one hundred percent (100%) of such unpaid taxes.

For purposes of this section and [§9-7.2](#) of this Code, incorrect information on the following subjects will be considered material misstatements of fact:

1. The number and identities of the known owners of the property at the time of application;
2. The actual use of the property.

The intentional misrepresentation of the number of acres in the parcel or the number of acres to be taxed according to use shall also be considered a material misstatement of fact for the purposes of this section and [§9-7.2](#) of this Code.

For state law basis, see [Va. Code §58.1-3238](#).

Sec. 9-7.6:1. Separation of part of real estate assessed under this article; contiguous real estate located in more than one taxing locality.

A. For purposes of this Article, separation or split-off of lots, pieces or parcels of land from the real estate which is being valued, assessed and taxed under this Article either by conveyance or other action of the owner of such real estate, shall subject the real estate so separated to liability for the roll-back taxes applicable thereto, but shall not impair the right of each subdivided parcel of such real estate to qualify for such valuation, assessment and taxation in any and all future years, provided it meets the minimum acreage requirements and such other conditions of this article as may be applicable. Such separation or split-off of lots shall not impair the right of the remaining real estate to continuance of such valuation, assessment and taxation without liability for roll-back taxes, provided it meets the minimum acreage requirements and other applicable conditions of this article.

B.

1. No subdivision, separation, or split-off of property which results in parcels that meet the minimum acreage requirements of this article, and that are used for one or more of the purposes set forth in [Va. Code §58.1-3230](#), shall be subject to the provisions of subsection (A) of this section.

2. Reserved.

C. Where contiguous real estate in agricultural, horticultural, forest or open-space use in one ownership is located in more than one taxing locality, compliance with the minimum acreage shall be determined on the basis of the total area of such real estate and not the area which is located in the particular taxing locality.

For state law basis, see [Va. Code §58.1-3241](#).

Sec. 9-7.7. Applicability of state law regarding local levies and assessments.

The provisions of Title 58.1 of the Code of Virginia applicable to local levies and real estate assessments and taxation shall be applicable to assessments and taxation hereunder mutatis mutandis including, without limitation, provisions relating to tax liens, boards of equalization and the correction of erroneous assessments and for such purposes the roll-back taxes shall be considered to be deferred real estate taxes.

For state law authority, see [Va. Code §58.1-3243](#).

Sec. 9-7.8. Effective date of article.

This ordinance shall be effective for all tax years beginning January 1, 1982, and thereafter.

Sec. 9-10. Exemption subject to certain restrictions and conditions; definition of "income."

For purposes of this section, "eligible person" means a person who is at least age sixty-five (65) or permanently and totally disabled. Real property owned and occupied as the sole dwelling of an eligible person includes real property (i) held by the eligible person alone or in conjunction with his spouse as tenants or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the eligible person or the eligible person and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.

Taxation of the dwelling owned by and occupied as the sole dwelling of any persons who are elderly or permanently and totally disabled in accordance with the definitions cited in [§9-9](#) of this Code, is hereby exempted according to the provisions of this article, subject to the following restrictions and conditions:

A.

1. Subject to subsection (A)(2) of this section, the total combined income received from all sources during the preceding calendar year by: (i) owners of the dwelling who use it as their principal residence, and (ii) owners' relatives who live in the dwelling,

except for those relatives living in the dwelling and providing bona fide caregiving services to the owner whether such relatives are compensated or not, shall not exceed forty-five thousand dollars (\$45,000.00), provided that the first ten thousand dollars (\$10,000.00) of income of each relative who is not the spouse of an owner living in the dwelling and who does not qualify for the exemption provided by subsection (A)(2) hereof shall be excluded in determining total combined income.

2. Notwithstanding subsection (A)(1) of this section, if a person qualifies for an exemption or deferral under this article, and if the person can prove by clear and convincing evidence that the person's physical or mental health has deteriorated to the point that the only alternative to permanently residing in a hospital, nursing home, convalescent home or other facility for physical or mental care is to have a relative move in and provide care for the person, and if a relative does then move in for that purpose, then none of the income of the relative or of the relative's spouse shall be counted towards the income limit, provided the owner of the residence has not transferred assets in excess of \$10,000.00 without adequate consideration within a three-year period prior to or after the relative moves into such residence.

3. For the purpose of this article, income shall mean total gross income from all sources that are subject to tax under federal income tax laws, regulations, rules, or policies, without regard to whether a tax return is actually filed. Income shall not include life insurance benefits or receipts from borrowing or other debt.

B. The net combined financial worth, including the present value of all equitable interests, as of December 31 of the immediately preceding calendar year, of the owners, and of the spouse of any owner, excluding the value of the dwelling and the land, not exceeding one acre, upon which it is situated, shall not exceed one hundred thousand dollars (\$100,000.00).

C. Qualification for any real estate tax exemption under this article shall not be made conditional upon a citizen having resided in Campbell County for a designated period of time prior to application for exemption.

D. A dwelling jointly held by a husband and wife, with no other joint owners, may qualify if either spouse is sixty-five (65) years old or over or is permanently and totally disabled, provided other requirements prescribed in this article are met, and the proration of the exemption or deferral under [Va. Code §58.1-3211.1](#) and [§9-10.1](#) of this Code shall not apply for such dwelling.

For state law basis, see [Va. Code §58.1-3210](#) and [§58.1-3212](#).

Sec. 9-10.1. Prorated tax exemption.

A. Dwellings jointly held by two or more individuals not all of whom are at least age sixty-five (65) or permanently and totally disabled may qualify for an exemption from real estate taxes, provided that (i) the dwelling is occupied as the sole dwelling by all such joint owners, and (ii) the net combined financial worth of all such joint owners, including the present value of all equitable interests and computed without any exclusion for the dwelling or for any other asset notwithstanding the provisions of this Article, as of December 31 of the immediately preceding calendar year, does not exceed \$185,200.00.

The tax exemption for the dwelling that otherwise would have been provided under [§9-10](#) of this Code shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who are at least age sixty-five (65) or permanently and totally disabled, and as a denominator, 100%. As a condition of eligibility for such tax exemption, the joint owners of the dwelling shall be required to furnish to the Commissioner of Revenue sufficient evidence of each owner's ownership interest in the dwelling.

B. For purposes of this subsection, "eligible person" means a person who is at least age 65 or permanently and totally disabled. For purposes of the tax exemption pursuant to subsection (a), real property that is a dwelling jointly held by two or more individuals includes real property (i) held by an eligible person in conjunction with one or more other people as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which an eligible person with one or more other people hold the power of revocation, or (iii) held in an irrevocable trust under which an eligible person in conjunction with one or more other people possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term "eligible person" does not include any interest held under a leasehold or term of years.

C. The provisions of this section shall not apply to dwellings jointly held by a husband and wife, with no other joint owners.

D. The income limitation provisions of [§9-10](#) of this Code shall be applicable to joint owners described under this section. Nothing in this section shall be interpreted or construed to provide for an exemption from tax for any dwelling jointly held by nonindividuals.

For state law basis, see [Va. Code §58.1-3211.1](#).

Sec. 9-11. Application for exemption; exemption amount.

A. The person claiming such exemption under this Article shall file annually with the County Commissioner of the Revenue, on forms to be supplied by him, an affidavit or written statement setting forth (i) the names of the related persons occupying such real estate and (ii) that the total combined net worth, including equitable interests and the combined income from all sources, of the persons specified in subsections (A) and (B) of [§9-10](#), or [§9-10.1](#), as the case may be, of this Code do not exceed the limits prescribed in this Article.

B. If such person is under sixty-five (65) years of age such forms shall have attached thereto a certification by the Social Security Administration, the Department of Veterans Affairs or the Railroad Retirement Board, or if such person is not eligible for certification by any of these agencies, a sworn affidavit by two (2) medical doctors who are either licensed to practice medicine in the Commonwealth, or are military officers on active duty who practice medicine with the United States Armed Forces, to the effect that the person is permanently and totally disabled, as defined in [Va. Code §58.1-3217](#) and [§9-9](#) of this Code; however, a certification pursuant to [42 U.S.C. §423\(d\)](#) by the Social Security Administration so long as the person remains eligible for such social security benefits shall be deemed to satisfy such definition in [Va. Code §58.1-3217](#). The affidavit of at least one of the doctors shall be based upon a physical examination of the person by such doctor. The affidavit of one of the doctors may be based upon medical information contained in the records of the

Civil Service Commission which is relevant to the standards for determining permanent and total disability as defined in [Va. Code §58.1-3217](#) and [§9-9](#) of this Code.

C. Such affidavit, written statement or certification shall be filed after January 1 of each year, but no later than April 1. The Commissioner of Revenue is authorized to grant an extension of time to file the written statement or certification which extension may not exceed sixty (60) days. The Commissioner of Revenue shall keep record of every such extension. If a taxpayer who has been granted an extension fails to file within the extended time, such case shall be treated the same as if no extension had been granted.

D. The Commissioner of the Revenue shall also make any other reasonably necessary inquiry of persons seeking such exemption, requiring answers under oath, to determine qualifications as specified herein, including qualification as permanently and totally disabled as defined in [Va. Code §58.1-3217](#) and [§9-9](#) of this Code, and qualification for the exclusion of life insurance benefits paid upon the death of an owner of a dwelling. The Commissioner of the Revenue may, in addition, require the production of certified tax returns to establish the income or financial worth of any applicant for tax relief.

E. If, after an audit and investigation, the Commissioner of the Revenue determines that the person is qualified for exemption, he shall so certify the same, and shall determine the percentage of exemption allowable and shall certify to the Treasurer the amount of the exemption determined to be applicable to the claimant's real estate tax liability. Such exemption shall apply only to the tax year for which issued. The person to whom an exemption has been issued shall, on or before the past due date established for the payment of such real estate tax, pay any difference between such exemption and the full amount of the tax payment then due on the property for which the exemption was issued. Any taxpayer failing to pay the taxable amount due for both installments of the current year by December 5 of the current year shall forfeit any exemption granted for that tax year.

Where the person claiming exemption conforms to the standards and does not exceed the limitations contained herein, the tax exemption shall be as shown on the following schedule:

<u>Total Income from All Sources</u>		<u>Tax Exemption</u>
<u>Income greater than:</u>	<u>but less than or equal to:</u>	
\$ -0-	\$35,000	100%
\$35,000	\$40,000	75%
\$40,000	\$45,000	50%

Maximum annual exemption on any one property ----- \$750.00

F. Exemption will be afforded in accordance with either the elderly or the permanently and totally disabled criteria, but not both.

For state law authority, see [Va. Code §58.1-3213](#); [Va. Code §58.1-3916](#).

Sec. 9-11.1. Absence from residence.

The fact that persons who are otherwise qualified for tax exemption under this ordinance are residing in hospitals, nursing homes, convalescent homes or other facilities for physical or mental health care for extended periods of time shall not be construed to mean that the real estate for which tax exemption is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence so long as such real estate is not used by or leased to others for consideration.

For state law authority, see [Va. Code §58.1-3214](#).

Sec. 9-11.2. Effective date; change in circumstances.

A. An exemption enacted pursuant to this article may be granted for any year following the date that the qualifying individual occupying such dwelling and owning title or partial title thereto reaches the age of sixty-five (65) years or for any year following the date the disability occurred.

B. Changes in income, financial worth, ownership of property or other factors occurring during the taxable year for which an affidavit is filed and having the effect of exceeding or violating the limitations and conditions provided in this ordinance shall nullify any exemption for the remainder of the current taxable year and the taxable year immediately following. Any such changes shall be promptly reported to the Commissioner of the Revenue by the applicant.

C. A change in ownership to a spouse or a nonqualifying individual, when such change results solely from the death of the qualifying individual, or a sale of such property shall result in a prorated exemption for the then current taxable year. The proceeds of the sale which would result in the prorated exemption shall not be included in the computation of net worth or income as provided in subsections a and b of this section. Such prorated portion shall be determined by multiplying the amount of the exemption by a fraction wherein the number of complete months of the year such property was properly eligible for such exemption is the numerator and the number twelve (12) is the denominator.

For state law authority, see [Va. Code §58.1-3215](#).

The Treasurer shall also employ any other reasonable means necessary to notify residents of Campbell County about the terms and conditions of the real estate tax exemption program for elderly and handicapped residents of the County.

Sec. 9-12.1. Effective date.

This article shall apply to the taxable year 1973 and each year thereafter or until amended or repealed.

C. The total tax on any such new building for that year shall be the sum of (i) the tax upon the assessment of the completed building, computed according to the ratio which the portion of the year such building is substantially completed or fit for use and occupancy bears to the entire year, and (ii) the tax upon the assessment of such new building as it existed on January 1 of that assessment year, computed according to the ratio which the portion of the year such building was not substantially complete or fit for use and occupancy bears to the entire year

Sec. 9-14.2. Abatement of levies on buildings razed, destroyed or damaged by fortuitous happenings; exceptions.

A. Levies on buildings which are (i) razed, or (ii) destroyed or damaged by a fortuitous happening beyond the control of the owner shall be abated in accordance with this section. The tax on such razed, destroyed or damaged building is computed according to the ratio which the portion of the year the building was fit for use, occupancy, and enjoyment bears to the entire year.

B. No such abatement shall be allowed if the destruction or damage to such building shall decrease the value thereof by less than five hundred dollars (\$500.00). Also, no abatement shall be allowed unless the destruction or damage renders the building unfit for use and occupancy for thirty (30) days or more during the calendar year.

C. Application for such abatement shall be made by or on behalf of the owner of the building within six (6) months of the date on which the building was razed, destroyed, or damaged.

For state law authority, see [Va. Code §58.1-3222](#).

Sec. 9-14.3. Partial exemption for certain rehabilitated, renovated or replacement commercial or industrial structures.

A. Real estate on which any structure or other improvement no less than twenty years of age is located and which has undergone substantial rehabilitation or renovation for commercial or industrial use shall be partially exempted from taxation subject to the conditions and restrictions set forth in this section. For the purposes of this section, real estate shall be deemed to have undergone substantial rehabilitation or renovation for commercial or industrial use when an existing structure or other improvement which is no less than twenty years old has been so improved as to increase the assessed value of the structure by no less than forty percent (40%) without increasing the total square footage of such structure by more than fifteen percent (15%). Total replacement of a structure shall not qualify for an exemption.

B. The partial tax exemption shall be an amount equal to the increase in base value resulting from the rehabilitation or renovation of the commercial or industrial structure as determined by the Campbell County Real Estate Assessor. The base value of the structure is the assessed value of any structure covered by this section prior to the commencement of rehabilitation or renovation work, as determined by the County Assessor upon receipt of an eligible application for rehabilitated or renovated real estate tax exemption and after a physical inspection of the property by an appraiser from the County Real Estate Office, employing usual and customary methods of assessing real estate. If any work has been started prior to the initial inspection, the base value shall include such work and will reflect the market value of the structure as of the date of the first inspection. Once the rehabilitation or renovation is complete, the owner of the property shall notify the County Assessor in writing to request a second physical inspection of the property for determination of the amount of increase in value, if any. If the structure qualifies for the exemption, it shall commence on January 1 of the year following completion of the rehabilitation and shall run with the real estate for a period of five (5) years. Prior to a determination that the structure qualifies for an exemption under the terms

of this section, the owner of the property shall continue to be subject to taxation upon the full value of the property. After the expiration of the said five-year period the real estate tax shall be based on the full amount of the assessment then in effect.

C. Nothing in this section shall be construed as to permit the Commissioner of the Revenue to list upon the land book any reduced value due to the exemption provided in subsection B.

D. Any person seeking the tax exemption provided by this section shall file an application with the office of the Real Estate Assessor before any work is started. Applications may be obtained from the County Real Estate Office, are effective for a period of two (2) years from the date of filing, and no extensions will be granted. A fee of one hundred dollars (\$100.00) for processing an application requesting such exemption shall be collected by the Treasurer for those applicants who cannot demonstrate that they have already obtained a tax exemption pursuant to a town ordinance substantially similar to this Section. No property shall be eligible for such exemption unless the appropriate building permits have been acquired and the Real Estate Assessor has verified that the rehabilitation or renovation indicated on the application has been completed.

E. The property must at all times be in compliance with all codes applicable to property in Campbell County, including but not limited to zoning, building, and fire. Failure to correct any violation within the required time as provided by the appropriate County official will void the remainder of the exemption. If a structure is damaged or destroyed and found to be uninhabitable, the exemption will terminate. No exemption shall be granted if access to the entire property is denied to the representative of the County Assessor's Office. Only one exemption may be active for any one parcel at a given time.

For state law authority, see [Va. Code §58.1-3221](#).

Sec. 9-14.4. Exemptions from taxes on property for disabled veterans.

A. The real property, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law to have a 100 percent service-connected, permanent, and total disability, and who occupies the real property as his principal place of residence, shall be exempt from taxation. If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, Campbell County shall not be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by [Va. Code §58.1-3219.6](#). If the qualified veteran acquired the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to [Va. Code §58.1-3360](#).

B. The surviving spouse of a veteran eligible for the exemption set forth in this section shall also qualify for the exemption, so long as the death of the veteran occurred on or after January 1, 2011, and the surviving spouse does not remarry. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.

C. The exemption from real property taxes shall include the qualifying dwelling pursuant to this section and the land, not exceeding one acre, upon which it is situated. If the veteran

owns a house that is his residence, including a manufactured home as defined in [Va. Code §46.2-100](#) whether or not the wheels and other equipment previously used for mobility have been removed, such house or manufactured home shall be exempt even if the veteran does not own the land on which the house or manufactured home is located. If such land is not owned by the veteran, then the land is not exempt. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision (A)(14) of [Va. Code §58.1-3503](#) and as listed in [Va. Code §58.1-3504](#) and (ii) for other than a business purpose.

D. For purposes of this exemption, real property of any veteran includes real property (i) held by a veteran alone or in conjunction with the veteran's spouse as tenant or tenants for life or joint lives, (ii) held in a revocable inter vivos trust over which the veteran or the veteran and his spouse hold the power of revocation, or (iii) held in an irrevocable trust under which a veteran alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

The exemption for a surviving spouse under subsection (B) includes real property (A) held by the veteran's spouse as tenant for life, (B) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (C) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The exemption does not apply to any interest held under a leasehold or term of years.

E.

1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (D) and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection (A) or (B), and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (D), then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections (A) and (B), and as a denominator, 100 percent.

For state law authority, see [Va. Code §58.1-3219.5](#).

Sec. 9-14.5. Exemptions from taxes on property for surviving spouses of members of the armed forces killed in action.

A. The real property described in subsection (B) of the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the U.S. Department of Defense and (ii) who occupies the real property as his principal place of residence shall be exempt from taxation. For purposes of this section, such determination of “killed in action” includes a determination by the U.S. Department of Defense of “died of wounds received in action.” If such member of the armed forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the armed forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the armed forces is killed in action. However, Campbell County shall not be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse’s filing of the affidavit or written statement required by [Va. Code §58.1-3219.10](#). If the surviving spouse acquired the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to [Va. Code §58.1-3360](#).

B. Those dwellings in Campbell County with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single family residential shall qualify for a total exemption from real property taxes under this section. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single family homes, condominiums, town homes, manufactured homes as defined in [Va. Code §46.2-100](#) or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. If the land on which the single family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.

For purposes of determining whether a dwelling, or a portion of its value, is exempt from county real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single family residential.

C. The surviving spouse of a member of the armed forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry. The exemption applies without any restriction on the spouse’s moving to a different principal place of residence.

D. The exemption from real property taxes shall include (i) the qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection (B), and (ii) except land not owned by the surviving spouse, the land, not exceeding one acre, upon which it is situated. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal

use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision (A)(14) of [Va. Code §58.1-3503](#) and as listed in [Va. Code §58.1-3504](#) and (ii) for other than a business purpose.

E. For purposes of this exemption, real property of any surviving spouse of a member of the armed forces killed in action includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. The term does not include any interest held under a leasehold or term of years.

F.

1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (e) and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has 1 as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (e), then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse, and as a denominator, 100 percent.

Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to [Article X, Section 6\(d\) of the Constitution of Virginia](#).

B. Any solar facility installed pursuant to subsections (A) or (B) of [Va. Code §15.2-2288.7](#) with a nameplate rated electrical generating capacity measured in direct current kilowatts of not more than 25 kilowatts is hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other classifications of real or personal property. Such facilities shall be wholly exempt from local taxation.

C. As used in this section:

Certified pollution control equipment and facilities means any property, including real or personal property, equipment, facilities or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority or subdivision certifying authority having jurisdiction with respect to such property has certified to the State Department of Taxation and the Commissioner of the Revenue as having been constructed, reconstructed, erected, or acquired in conformity with the State program or requirements for abatement or control of water or atmospheric pollution or contamination, except that in the case of equipment, facilities, devices, or other property intended for use by any political subdivision in conjunction with the operation of its water, wastewater, stormwater, or solid waste management facilities or systems including property that may be financed pursuant to Chapter 22 of Title 62.1, the state certifying authority or subdivision certifying authority having jurisdiction with respect to such property shall, upon the request of the political subdivision, make such certification prospectively for property to be constructed, reconstructed, erected, or acquired for such purposes. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority or subdivision certifying authority. Such property shall include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority or subdivision certifying authority. For solar photovoltaic (electric energy) systems, see additional limitations found in Va. Code §58.1-3660. Such property shall also include energy storage systems, whether or not such property has been certified to the Department of Taxation by a state certifying authority or subdivision certifying authority. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

Energy storage system means equipment, facilities, or devices that are capable of absorbing energy, storing it for a period of time, and redelivering that energy after it has been stored.

State certifying authority means the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for solar energy projects, energy storage systems, and for coal, oil and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the State.

Subdivision certifying authority means the body of a political subdivision responsible for administering the political subdivision's water, wastewater, stormwater, or solid waste management facilities or systems. A subdivision certifying authority may only certify property pursuant to this section if the property being certified is equipment, facilities, devices, or other property intended for use by the political subdivision in conjunction with operation of its water, wastewater, stormwater, or solid waste management facilities or systems. If property is certified by a subdivision certifying authority, it shall not be required to be certified by a state certifying authority.

D. For solar photovoltaic (electric energy) systems, this exemption applies only to:

1. projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018;

2. projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in [Va. Code § 23.1-100](#) or any private college as defined in [Va. Code § 23.1-105](#);

3. 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization

i. between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or

ii. on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017;

4. projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and

5. 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

E. The exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to any such project unless an application has been filed with the County for the project before July 1, 2030, regardless of whether the County assesses a revenue share on such project pursuant to the provisions of [Va. Code § 58.1-2636](#). If the County adopts an energy revenue share ordinance under [Va. Code § 58.1-2636](#), the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall be 100 percent of the assessed value. If the County does not adopt an energy revenue share ordinance under [Va. Code § 58.1-2636](#), the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization, shall be 80 percent of the assessed value when an application has been filed with the County prior to July 1, 2030. For purposes of this subsection, “application has been filed with the County” means an applicant has filed an application for a zoning confirmation from the County for a by-right use or an application for land use approval under [Chapter 22](#) of this Code to include an application for a conditional use permit, special use permit, special exception, or other application.

F. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to onsite sewage systems that serve 10 or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds.

G. Notwithstanding any provision to the contrary, for any solar photovoltaic project described in clauses (iii) and (v) of subsection (C) for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, the amount of the exemption shall be as follows: 80 percent of the assessed value in the first five years in service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

H. Notwithstanding any provision to the contrary, the exemption for energy storage systems provided under this section (i) shall apply only to projects greater than five megawatts and less than 150 megawatts, as measured in alternating current (AC) storage capacity, and (ii) shall be in the following amounts: 80 percent of the assessed value in the first five years of service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

I. The exemption for energy storage systems greater than five megawatts, as measured in alternating current (AC) storage capacity, shall not apply to any such project unless an application has been filed with the County for the project before July 1, 2030, regardless of whether the County assesses a revenue share on such project pursuant to [Va. Code § 58.1-2636](#). If the County adopts an energy revenue share ordinance under [Va. Code § 58.1-2636](#), the exemption for energy storage systems greater than five megawatts, as measured in alternating current (AC) storage capacity, shall be 100 percent of the assessed value. corporate limits of any town therein. The State rate of taxation is figured in accordance with the provisions of Chapter 12 of Title 58.1 of the Code of Virginia of 1950. For the purposes of this section offices located within an incorporated town shall be deemed not within the county where such banks are located.

C. This article shall be effective retroactively to January 1, 1980, and shall remain in full force and effect until repealed by the Campbell County Board of Supervisors or superseded by the General Assembly.

A. The Sheriff of Campbell County is hereby authorized to offer for (i) public sale, in accordance with the provisions of this section and of [Va. Code §15.2-1719](#) or (ii) the retention for use by the law-enforcement agency of any unclaimed personal property which has been in the possession of the Sheriff’s Department and unclaimed for a period of more than sixty (60) days, after payment of a reasonable storage fee to the Sheriff. B. As used in this section, “unclaimed personal property” shall be any personal property belonging to another which has been acquired by the Sheriff or any of his deputies pursuant to his duties, which is not needed in any criminal prosecution, which has not been claimed by its rightful owner and which the State Treasurer has indicated will be declined if remitted under the Uniform Disposition of Unclaimed Property Act ([Va. E. The Sheriff or his duly authorized agents shall pay from the proceeds of sale the costs of advertisement, removal, storage, investigation as to ownership and liens, and notice of sale. The balance of the funds shall be held by the Sheriff for the owner and paid to the owner upon satisfactory proof of ownership. Any unclaimed item retained for use by the law-enforcement agency shall become the property of Campbell County and shall be retained only if, in the opinion of the Sheriff, there is a legitimate use for the property by the law-enforcement agency and that retention of the item is a more economical alternative than purchase of a similar or equivalent item.

F. If no claim has been made by the owner for the property or proceeds of such sale within sixty (60) days of the sale, the remaining funds shall be deposited in the General Fund of Campbell County and the retained property may be placed into use by the law-enforcement agency.

G. Any owner of property sold as unclaimed property under this section shall be entitled to apply to the County within three (3) years from the date of the sale and, if timely application is made therefor and satisfactory proof of ownership of the funds or property is made, the County shall pay the remaining proceeds of the sale or return the property to the owner without interest or other charges or compensation. Code §55.1-2500 et seq.](#)).

C. At the discretion of the Sheriff, or his duly authorized agent, unclaimed firearms and other weapons may be destroyed by any means which renders the firearms and other weapons permanently inoperable. Prior to the destruction of such firearms and other weapons, the Sheriff or

his duly authorized agent shall comply with the notice provision contained in [§9-17](#) of this Code and in [Va. Code §15.2-1719](#).
